## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-28 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fail to disclose a system for automatically generating and validating a memory test model for an electronic device, the system comprising a memory test model generator for inputting memory characteristics for the electronic device and for outputting a memory primitive; and a memory test model validator for validating the memory primitive for generating a memory test model for the electronic device as recited in claims 1-13.

The prior art of record fail to disclose a method for automatically generating and validating a memory test model, the method comprising the steps of inputting memory characteristics for the electronic device; processing said memory characteristics to produce a memory primitive; validating said memory primitive; and generating a memory test model for the electronic device from the validated memory primitive as recited in claims 14-21.

The prior art further fail to disclose a computer-readable medium that stores a program for automatically generating and validating a memory test model for an electronic device, the program comprising a memory test model generator for inputting memory characteristics for the electronic device and for outputting a memory primitive; and a memory test model validator for validating the memory primitive for generating a memory test model for the electronic device as recited in claims 21-28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
